This plan is focused on the following general goal (select one based on current situation/needs):

- ☐ **Helping me/my family find safe, stable housing** (Pre-tenancy Services)
- ☐ **Helping me/my family stabilize in new or current housing once secured** (Tenancy Sustaining Services)

Instructions

When to complete the form:

- The Housing Stabilization plan should be completed with the member (or if the member is a child, with the child's parent/guardian) on or after the first date of authorized services to support housing search and placement OR immediate stabilization in current housing. Please note that this form **must** be completed and submitted within the first 30 days of service to prevent any risk of reauthorization delays or denials.
- The provider may submit the Housing Stabilization Plan, Level of Need Assessment, and Initial Assessment Tool at the same time to the MCO (assuming all forms are completed meaningfully), or the provider may submit the Housing Stabilization Plan and Level of Need Assessment after they submit the Initial Assessment Tool.
- At a minimum, the plan **must** be updated once every 180 days during reauthorization requests for services or when member condition meaningfully changes (e.g., gains housing or loses housing, household structure changes, requires different services and/or level of need).

How to complete the form:

- Housing Supports provider case manager and members should work together to create an individualized Housing Stabilization Plan to meet the above goal.
- The plan should demonstrate how Pre-tenancy or Tenancy Sustaining services are appropriate for the member through clear short- and long-term measurable goals, describing how goals will be achieved and how barriers will be addressed.
- The plan should also include prevention and early intervention services if housing is jeopardized. For individuals exiting institutions (e.g., nursing facilities), this may include thorough and proactive discharge planning and other transitional tasks.
- Please make sure that **all fields** in the form are completed.

For reauthorization, the Housing Stabilization plan needs to justify additional service authorization by showing clear accomplishments or progress in the past 180 days of services.

How to submit the form:

- The case manager should provide a copy to the member's MCO as part of necessity review service authorization requests.
- The case manager should also keep the Housing Stabilization plan in their records and provide a copy of the submitted Housing Stabilization plan to members for their reference.

If the member is under 18 years old, please note that only a parent or guardian's signature is required on the Housing Stabilization Plan.

NOTE: Case managers should be in contact with members delivering services, as defined by program guidance, at least two (2) times a month for lower level of need members or four (4) times a month for higher level of need members, as assessed by the Level of Need Assessment. Contact with members should occur on separate days within a month to count towards minimum touchpoints requirement. Case managers must document these touchpoints in New Jersey's Homeless Management Information System (HMIS) or a HMIS-comparable system.
